

2023

Your Prescription Drug List/Formulary

Effective January 1, 2023

This document contains information about the medications covered under your pharmacy benefit plan.

In this guide you can find:

- Prescription drug list/formulary overview
- Copay/coinsurance tiers
- Brand-name, generic and specialty medication resources
- Drug list information

For a complete list of covered medications or if you have questions:

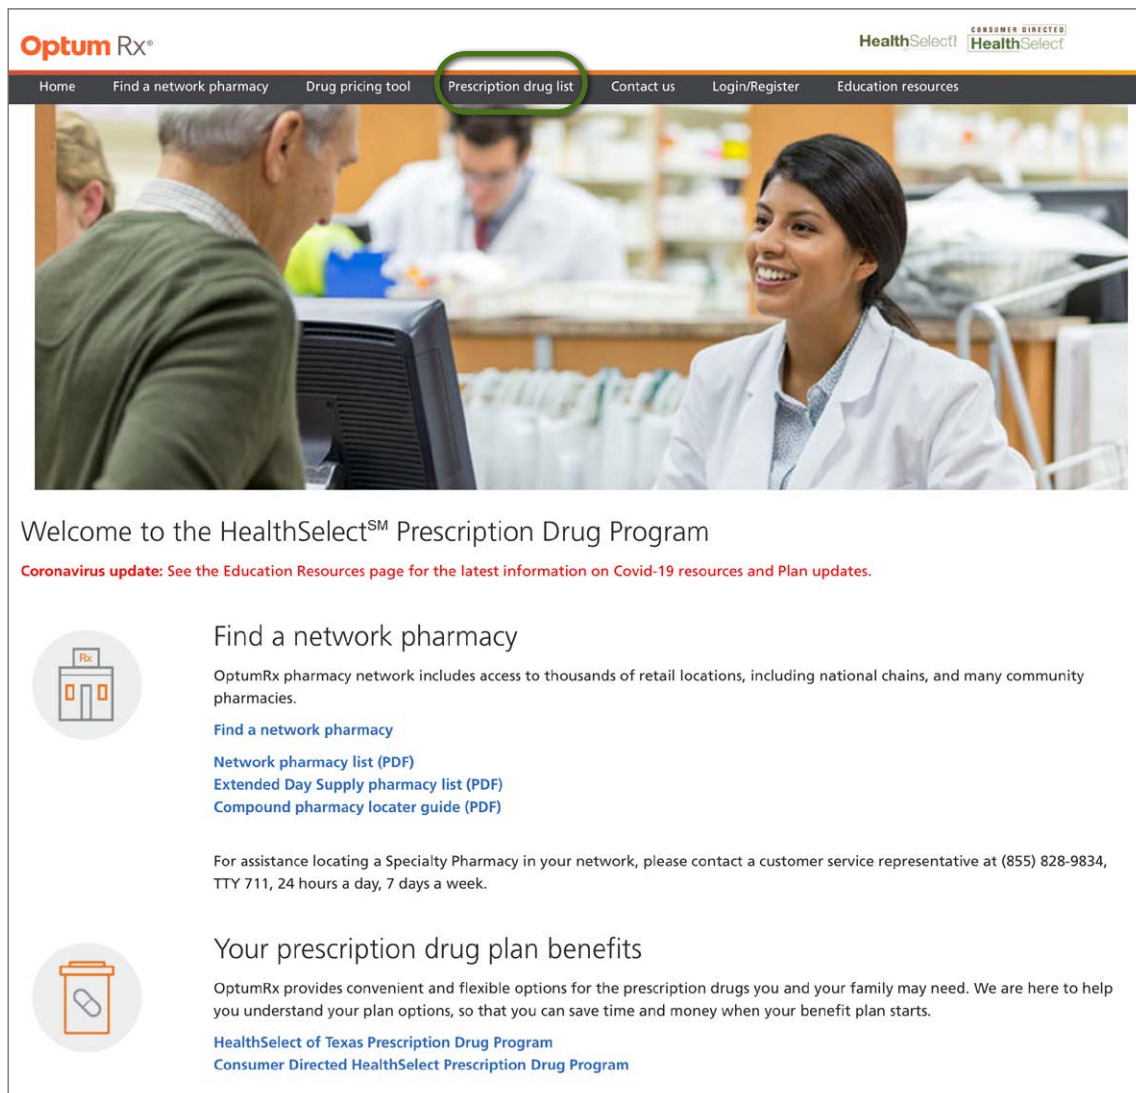

- Call HealthSelect Prescription Drug Program (PDP) customer care toll-free at **(855) 828-9834 (TTY: 711)**.
- Visit **www.HealthSelectRx.com**
 - Locate an Optum Rx[®] in-network pharmacy
 - Look up possible lower-cost medication alternatives
 - Compare medication pricing and options

Your Prescription Drug List / Formulary

This formulary describes the most commonly prescribed medications covered under your plan's prescription drug benefits. The formulary is also known as the Prescription Drug List (PDL). A formulary identifies the medications available for certain conditions and organizes them into cost levels, also known as tiers. An important part of the formulary is giving you choices so you and your doctor can choose the best course of treatment for you.

Go to www.HealthSelectRx.com for complete and up-to-date drug information

Since the formulary may change, we encourage you to visit our website, www.HealthSelectRx.com and click on **Prescription Drug List**. This website is the best source for up-to-date information about all of the medications your pharmacy benefit covers, possible lower-cost options and cost comparisons.

The screenshot shows the Optum Rx website interface. The navigation bar at the top includes links for Home, Find a network pharmacy, Drug pricing tool, Prescription drug list (highlighted with a green circle), Contact us, Login/Register, and Education resources. A green arrow points to the right side of the navigation bar. Below the navigation bar is a banner image of a pharmacist smiling at a customer. The main content area features a heading "Welcome to the HealthSelectSM Prescription Drug Program" and a "Coronavirus update" link. Two main sections are visible: "Find a network pharmacy" with a pharmacy icon and links to "Find a network pharmacy", "Network pharmacy list (PDF)", "Extended Day Supply pharmacy list (PDF)", and "Compound pharmacy locator guide (PDF)"; and "Your prescription drug plan benefits" with a pill icon and links to "HealthSelect of Texas Prescription Drug Program" and "Consumer Directed HealthSelect Prescription Drug Program".

Understanding Your Prescription Drug List/Formulary

What is a formulary?

This document is a list of prescription medications covered by your plan for their safety, cost and effectiveness. Medications are listed by categories or class and are placed into cost levels known as tiers. It includes both brand and generic prescription medications approved by the U.S. Food and Drug Administration (FDA).

How do I use my formulary?

This guide tells you if a medication is generic or brand, and if special rules apply. It is organized by common medical conditions. Medications are then listed alphabetically.

If your medication is not listed on this document, it may not be covered by the HealthSelect Prescription Drug Program or Consumer Directed HealthSelect Prescription Drug Program. Please visit www.HealthSelectRx.com and click on **Prescription Drug List** for the most up to date list of medications covered under your plan. If you have any questions, call a customer care representative toll-free at **(855) 828-9834 (TTY: 711)**.

Be sure to take the most current formulary list with you when you visit your health care provider. Use it as a helpful tool when you discuss your medications with your provider to determine if a lower cost medication is a good option for you.

Where differences exist between this formulary and your benefit plan documents, the benefit plan documents will rule. This may not be a complete list of medications, and not all medications listed may be covered under your plan. Please look at the Master Benefit Plan Document (MBPD) provided by your plan for full details. If you have questions please call HealthSelect PDP customer care toll-free at **(855) 828-9834 (TTY: 711)**.

Medication Tips

What are tiers?

Your plan has three copay tiers.

- Tier 1 has mostly generic medications and has the lowest copay.
- Tier 2 has mostly name brand medications and has a higher copay than Tier 1.
- Tier 3 is mostly name brand, non-formulary medications and has the highest copay.

If you are enrolled in Consumer Directed HealthSelect, you will pay the full cost of the medication until you have met your deductible. Then, you pay a portion of the costs for each tier once your deductible is met.

Using lower tier or preferred medications can help you pay your lowest out-of-pocket cost. Your prescription drug plan has multiple tiers. Please note: If you have a high deductible plan, the tier cost levels will apply once you hit your deductible.

| Drug Tier | Includes | Helpful Tips |
|---------------------------------------|--|--|
| \$ Tier 1 Lowest Cost | Lower-cost, commonly used generic drugs. Some low-cost brands may be included. | Use Tier 1 drugs for the lowest out-of-pocket costs. |
| \$\$ Tier 2 Mid-range Cost | Many common brand-name drugs, called preferred brands. | Use Tier 2 drugs, instead of Tier 3, to help reduce your out-of-pocket costs. |
| \$\$\$ Tier 3 Highest Cost | Mostly higher-cost brand drugs, also known as non-preferred brands. | Many Tier 3 drugs have lower-cost options in Tier 1 or 2. Ask your doctor if they could work for you. |
| ⊘ Tier E | Excluded | May be excluded from coverage or subject to prior authorization. Lower-cost options are available and covered. |

When does the formulary change?

When a medication changes tiers, you may have to pay a different amount for that medication. A medication may change tiers because:

- the generic equivalent becomes available and the name-brand moves to a higher tier or
- your plan updates the list every January 1 and July 1.

Your plan may move your medication to a lower tier at anytime.

For the most current list, call HealthSelect PDP customer care toll-free at **(855) 828-9834 (TTY: 711)**. Representatives are ready to assist you 24/7.

Why are some medications excluded from coverage?

A medication may be excluded from coverage under your prescription drug plan when it works the same as or similar to another prescription medication or an over-the-counter (OTC) medication that is more cost-effective.

What if I don't agree with a decision about an excluded medication?

You (or your authorized representative) and your doctor can ask for an appeal to cover an excluded medication by calling **(855) 828-9834 (TTY: 711)**.

What is the difference between brand-name and generic medications?

Generic medications contain the same active ingredients (what makes the medication work) as brand-name medications, but they often cost less. Once the patent of a brand-name medication ends, the FDA can approve a generic version with the same active ingredients. Inactive ingredients may differ. In this formulary, brand-name medications are shown in UPPERCASE (for example, CLOBEX) and generic medications in lowercase (for example, clobetasol).

An OTC medication may be the right treatment option for some conditions. Talk to your doctor about available OTC options. Even though these medications may not be covered under your pharmacy benefit, they may cost less than prescription medications covered under your prescription drug plan.

What if my doctor writes a brand-name prescription?

If your doctor gives you a prescription for a brand-name medication, ask if a generic equivalent or lower-cost option is available and if it might be right for you. Generic medications are usually your lowest-cost option, but not always.

What if I am taking a specialty medication?

Specialty medications treat rare or complex conditions and are typically higher cost medications. Please note, not all specialty medications are listed in the formulary. Optum® Specialty Pharmacy can provide most of your specialty medications along with helpful programs and services. Call Optum Specialty Pharmacy toll-free at **(855) 427-4682** and have your prescriptions delivered right to your home or doctor's office.

Drug List Information

In this drug list, some medications are noted with letters next to them to help you see which ones may have coverage requirements or limits. Your benefit plan determines how these medications may be covered for you.

PA **Prior Authorization** – Your doctor is required to provide additional information before the drug will be covered by your prescription drug plan.

ST **Step Therapy** – Requires you to first try a cost-effective medication before the more expensive medication will be covered.

QL **Quantity Limit** – Limits the amount of a medication that will be covered under your prescription drug plan.

SP **Specialty Medication** – Drugs that are used in the treatment of rare or complex conditions and are typically injected or infused, are high cost, have special delivery and storage requirements, or require close monitoring or care coordination with your doctor.

E **Excluded** – Lower-cost options are available and covered. Drugs that are not covered by your health plan.

Notice of Nondiscrimination

Optum companies (together, "Optum") provide services to health plans and other health programs or activities. Optum on behalf of itself and its affiliated companies complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Optum does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Optum provides free aids and services to people with disabilities to communicate effectively with us, such as:

- Qualified sign language interpreters
- Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
Qualified interpreters
- Information written in other languages

If you need these services, please call toll-free **(855) 828-9834 (TTY 711)**, 24 hours a day, 7 days a week.

If you believe that the Company has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance in writing by mail or email. A grievance must be sent within 60 calendar days of the date that you become aware of the discriminatory action and contain the name and address of the person filing it along with the problem and the requested remedy. A written decision will be sent to you within 30 calendar days. If you disagree with the decision, you may file an appeal within 15 calendar days of receiving the decision.

Optum Civil Rights Coordinator 11000 Optum Circle
Eden Prairie, MN 55344
Phone: **(888) 445-8745 (TTY 711)**
Fax: **(855) 351-5495**
Email: Optum_Civil_Rights@Optum.com

If you need help filing a grievance, please call toll-free **(855) 828-9834 (TTY 711)**, 24 hours a day, 7 days a week. You can also file a complaint directly with the U.S. Dept. of Health and Human Services online, by phone or mail:

Online <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.

Phone: Toll-free **(800) 868-1019, (800) 537-7697** (TDD)

Mail: U.S. Dept. of Health and Human Services, 200 Independence Avenue, SW Room 509F, HHH Building
Washington, D.C. 20201

English Text:

You have the right to get help and information in your language at no cost. To request an interpreter, please call toll-free **(855) 828-9834 (TTY 711)**, 24 hours a day, 7 days a week.

This letter is also available in other formats like large print. To request the document in another format, please call toll-free **(855) 828-9834 (TTY 711)**, 24 hours a day, 7 days a week.
